

Confidential Information Handling

Since this material contains confidential information (payment processing fee rates), it is to be shared only with the Official Participants (government and international organisation representatives), the Commissioners General of Section (exhibitor area plenipotentiary) appointed by the Official Participants, persons involved in the operation of the Offices of the Commissioners General of Section, other exhibition management related personnel and relevant contractors.

**Payment Processing Fee Rate for Processing Payments of Commercial Activities** (GL9-3-1)

- For the Expo, the Association (the Organiser) plans to operate a fully cashless payment system as a demonstration for Japan's cashless promotion. As a principle, cash is not accepted in the Expo site (but credit cards, electronic money).
- Available cashless methods
  - International brand credit cards  
Visa, JCB, Mastercard, AMERICAN EXPRESS, Diners Club, DISCOVER, UnionPay (China)
  - Japanese domestic electronic money (IC and QR code type)  
Japanese domestic electronic money can be recharged at ATMs and charge machines in the Expo site.
  - Overseas QR code type electronic money (to expand as needed)  
WeChat Pay (China), Alipay+ (China) Kakaopay (Korea), Alipay HK (Hong Kong), truemoney (Thailand), GCash (Philippines), Touch'n Go (Malaysia), EZ-Link (Singapore), DANA (Indonesia), paytm (India) —as of December 2022
  - The Expo original electronic money to be issued (smartphone-QR code type)
  - In addition, IC electronic money (prepaid cards) for use in Japan will be sold within the Expo site.
- The Participants shall use the payment systems/payment terminals designated by the Association to handle sales from their own commercial activities in accordance with the Special Regulation No. 9. of the Expo. The payment processing fee rate is as follows.

< The payment processing fee rate >

Payment processing fee rate for all payment brands : 2.5%
